10th specialized exhibition of agricultur (Agricultur machinery , inputs , new irrigation systems , smart farming)

Tehran International Exhibition, Chamran Highway

9-15 Visiting Hours | 2-5 January 2026

About Iran agri show 2026 :

Holding 9 consecutive editions of Iranagri show plays a very important role in the exchange of information and introduction of the latest achievements in this field between agricultural, activists & researchers and experts. These 9 exhibitions also can had a positive impact on the growth and development of agricultural industries.

The Iranian agricultural machinery industry has long been a leader in most industrial fields in the region. Given the training of specialized personnel in the agricultural sector in recent years, with all the sub-sets of Iranian products, it has been able to have an effective presence in foreign markets in addition to meeting the needs of the domestic market.

As a result, the exhibition has attracted the attention of agricultural activists in the region during its holding periods and has become the largest agricultural event in The Middle East. So based on the accepted planning, the next iranagrishow (January 2026) has added various product groups to its portfolio of introduced goods and services, and a wider range of expert visitors from Iran neighbouring countries such as Afghanistan, Turkmenistan, Uzbekistan Kazakhstan, Pakistan, Iraq,& etc

We hope that with the hi potential will shown in the exhibition, and wide range of regional needs this event can create effective communication between producers and consumers and increasing satisfaction of its participants and visitors.

Objectives of the exhibition:

1. Introducing the potentials available in agricultural sector
2. Creating an opportunity to establish contact and identify reputable companies.
3. Getting to know the latest achievements and specialized technologies provided by the experts present at the exhibition, in specialized fields related to the exhibition topic.
4. Taking advantage of advertising to increase the credibility and better introduce the company.
5. Providing a completely specialized space for marketing and introducing products.
6. Creating appropriate forums for discussing and exchanging views using scientific findings, experiences and expertise directly with users
